Dedicated Leadership And Team Work

# ACTIVITIES

## Contracting

- Electrical
- Instrumentation Works
- Mechanical
- Civil
- Plumbing
- Marine services (Electrical & Mechanical)
- Fire detection & Alarm system
- Low Voltage system
- Data, Telephone & CCTV Services
- Contracting and Consulting Services

## Trading

- Medical & Scientific Supplies
- Contract Supplies
- Electrical Equipment
- Specialist Equipment
- Representation
- Supply of Garnet(Abrasive Blasting Materials)

## Industrial Projects

- Cement
- Paper
- Steel
- Glass
- Power Plants & Substations

## Security Solution / Commercial Projects

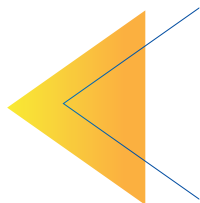

- Towers
- Offices
- Warehouses
- Data Centre
- Banks

## Marine Services

- Offshore (company staff has vast e xperiences)

## Scope

- Maintenance
- Upgrades
- Renovation
- Material Supply
- Representation

## Major Industrial Projects Executed

- Al-Batik Cement - 2x150 Tons, Cement Grinding Mill, Electrical, Instrumentation, Fire Alarm, Telephone, CCTV & HVAC
- Kuwait Cement, Various Electrical and Mechanical Works.
- ACICO Cement- Various Electrical Works & Other works.
- Al Sanea Chemicals – Electrical and Mechanical Works.
- ECP Chemicals – Electrical and Mechanical Installations
- Al Khorafi Plastic – Electrical Upgrade works
- Alghanim Cement – DG Set installation and its related Electrical works
- Naser Al Badah – NRP projects SS cable tray works

## Major Commercial Projects Executed

- NRP JV - Electrical Works at GIC / NRP JV Camp Facility
- GS Engineering & Construction Corporation - Electrical & Instrumentation Installation works @ various locations
- Abdullah Al - Khrinej Gen. Trad. & Contr. Co. -MOC - ELECTRICAL MODIFICATION WORKS AT OLD TELECOMM. BLDG.
- PIC Head Quarter - Replacements of existing CFL lights to LED lights including the controls.
- Majid Al Futtaim Retail -, Carrefour Avenues Counter Display, Mobile display & Elect power provision works
- Mohammed Abdul Rahman Albahar Co. - Electrical works @ Kuwait Airport Terminal II, related to DG Sets
- RB INTERNATIONAL GEN. TRAD. CO.

## Maintenance & repair

- HVAC Units
- Diesel Generators
- CCTV & Access Control Systems
- Exhaust Fan Works

## Acoustic

- Room Sound Proof

## Civil work & plumbing

- HDPE Drain Pipe Works
- Plumbing modification works
- Concrete Repair
- Dust Proof & Preventing Ingress of Dust

## Industrial

- Extraction of Coarse Lime
- Stone from Silo
- XFR Oil Filtration Works
- Office Cabin Shifting Works

Better performance With Experience

## SPECIALIZED FIELDS

Aligned with global technology leaders, we deliver cutting edge solutions with single point of responsibility. A unique business model providing customized turnkey solution packages liable from proposal till hand over phase. Our In-House engineering capability enables us to integrate technology and build client's trust making us the Partner of choice for Utilities and Energy providers

### Energy Audit / Conservation

The interest in energy conservation and management comes from the increased demand on energy in the present day. This issue has become necessary to achieve sustainable development of the Industrial and Commercial Establishments. Energy conservation means the change in the pattern of energy consumption and pursued to reduce the increasing growth in energy consumption.

### Panel Integration

Panel assembly for PLCs, Relay/Control panel; System integration with HM

### Upgrading / Retrofit

Migration/Upgrading of old/obsolete equipment to the latest state of art technologies. Providing retrofit & Retrofit solutions for breakers, relays & controls.

### Predictive Maintenance / Configuration

Carrying our Predictive maintenance for major equipment using special tools Configuration & Programming with Vendor Engineering Tools and software

Execute each task with skill and dedication

## OUR CLIENTELE LIST IS EVER GROWING

## HSE POLICY

FSCO is committed to protecting the Health, Safety and Welfare of all its employees, associated clients and every other individuals.

Our approach is unique as we promote safety by deviating from the normal policy of “YOU HAVE TO DO” to a more result oriented “I WISH TO DO”

Every employee commits to remain safe and perform his or her task as per the safe Work Practice and by avoiding any shortcut.

Every employee is given an opportunity to share lessons learned and promote safety culture by being a mentor. Employee is encouraged to stop any unsafe work and report it.

Every incident is reported, analyzed and corrective measures are taken and communicated to all employees to prevent occurrence.

Job safety analysis is a mandatory step that we have adopted to keep every task safe in each and every project. Our employees are also educated and trained to keep the environment safe.

Do It Safe or Don't Do It At All

## QUALITY POLICY

- Meeting our customer contractual requirements, including quality and all applicable regulatory requirements.
- Identify all internal & external issues as well as risks related to the Quality Management System (QMS) and take steps to mitigate these issues and risks.
- Enhancing the effectiveness of Quality Management System by setting and monitoring quality objectives at regular intervals.
- Continual improvement of Quality Management System (QMS) thru customer focus and active involvement of competent employees who, “Do it Right First Time Every Time”.
